### FINANCIAL PLANNING: Planning...

Financial planning and forecasting are integral for a business' financial health. A broad concept, financial planning covers the whole of a business's financial concerns and operations. Some of the concepts involved in financial planning include budgeting, accounting methods, the creation of sales goals, and financial performance analysis. Since it is such a broad topic, financial planning is often broken down into more manageable divisions, such as short-term, mid-range, and long-term goals.
