The first edition of Percorsi quickly became one of the best-selling elementary Italian texts. The new second edition features a new design, more focus on skills-development, updated cultural information and a full version of MyItalianLab. Percorsi is an introductory program that promotes the acquisition of Italian language and culture through the integration of the "5 Cs" principles of the National Standards for Foreign Language Education. Percorsi is designed to provide beginning learners with a variety of tools to develop their communicative competence in the four major language skills-listening, speaking, reading, and writing-as they acquire familiarity with Italian culture. All of the features in Percorsi

have been carefully thought out to support the two key aspects of the language acquisition process: language comprehension and language production. From the start, carefully structured communicative activities based on authentic materials and texts encourage students to use Italian in everyday situations. Generous use of authentic content also offers students a chance to develop reading skills while gaining cultural awareness and understanding of Italian communities and traditions throughout the world. In addition, each chapter explicitly promotes cultural exploration through illustrated presentations that are followed by activities facilitating comprehension and highlighting cultural comparisons. Students are encouraged to analyze and compare extremely varied aspects of Italian culture while making connections to their own experiences. MyItalianLab will be available for Fall 2011 courses.

Featuring the work of acclaimed artists such as Banksy, Ron English, and Blu, as well as Palestinian artists and activists, the photographs in this collection express outrage, compassion, and touching humor while illustrating the lives and livelihoods of the tens of thousands of people affected by Israel's wall. This stunning book of photographs details the graffiti and art that have transformed Israel's Wall of Separation into a canvas of symbolic resistance and solidarity. The compelling images are interspersed with vignettes of the people whose lives are affected by the wall and who suffer due to a lack of work, education, and vital medical care.

A woman finds love and closure, and rediscovers herself, when she returns to her roots in the enchanting new novel from the author of *The Irresistible Blueberry Bakeshop & Café*. Newly jobless, newly single, and suddenly apartmentless, writer Grace Hammond has come unmoored. A grammar whiz who's brilliant at correcting other people's errors, she hasn't yet found quite the right set of rules for fixing her own mistakes. Desperate to escape the city and her trifecta of problems, Grace hits pause and retreats to her Connecticut hometown. What begins as a short visit with her parents quickly becomes a far more meaningful stay, though, as she discovers that the answers to what her future holds might be found by making peace with—and even embracing—the past. As Grace sets out to change her ways and come to terms, finally, with the tragedy that took her older sister's life so many years ago, she rekindles a romance with her high school sweetheart, Peter, now a famous Hollywood director who's filming a movie in town. Sparks also fly at the local bike shop, where Grace's penchant for pointing out what's wrong rattles the owner's ruggedly handsome schoolteacher son, Mitch. Torn between the promise of a glamorous life and the allure of the familiar, Grace must decide what truly matters—and whether it's time for her to throw away the rule book and bravely follow her heart.

This stimulating book surveys the research on the challenges and opportunities encountered when working within culturally and geographically diverse organizational settings. Expert contributors pose and address complex questions regarding cultural competence and leadership in today's rich landscape of global organizations, multiple-leader teams, extensive coordination among locations, and ever-evolving virtual communication technologies. The ideas described here focus not only on building cultural skills to develop and sustain teams, but also on applying knowledge, building insight, evaluating performance, and training team members to be leaders. Among the book's innovations: the Globally Intelligent Leadership framework, strategies for building multicultural collaborative leadership, military and peacemaking perspectives, and new approaches for assessing cross-cultural competencies. Included in the coverage:

- Globally Intelligent Leadership: toward an integration of competencies.
- Considerations and best practices for developing cultural competency models in applied work domains.
- Cultural dilemmas and sociocultural encounters: an approach for understanding, assessing, and analyzing culture.
- Conflict competence in a multicultural world.
- Twenty countries in twenty years: modeling, assessing, and training generalizable cross-cultural skills.
- Expecting the unexpected: cognitive and affective adaptation across cultures.

Critical Issues in Cross Cultural Management will interest students, scholars, and practitioners in industrial organizational psychology, organizational behavior, work psychology, and applied psychology programs looking for a summary of up-to-date research and viewpoints on this increasingly salient topic.

This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!

When a bad day at work culminates in losing out on a promotion, Jim Sanders shifts into his animal form to let off steam. Then his bad day turns into a bad night—while prowling his Atlantic City neighborhood as a large gray house cat, he's caught in a torrential downpour. What little luck he has washes down the gutter when his new boss, Andrew Wright, catches him taking shelter on his porch, brings him inside, and starts calling him Mr. Frosty. As a feline, Jim becomes the inadvertent confessor for his boss's lonely son, Tony, a victim of schoolyard bullying. As a human, he feels drawn to Andrew, a man he wanted to resent. Finding love was never part of Jim's plan for the future—not with his bizarre secret—yet suddenly he finds himself navigating that minefield anyway. But not everything is easy, especially for an interracial gay couple dealing with prejudice in the workplace, at Tony's school, and even within their own families.
